

"The table is perfect and I am really happy with the quality, material and colour. Your company made the whole process incredibly simple and efficient and delivered on time."

CAROLYN AUSTIN

## Pro-Lift: Treatment AHS

The two-section configuration features a face recess in the head section which can be finely adjusted to enable the prone patient to relax the neck muscles fully during treatments. This versatile table is suitable for a wide range of modalities, including massage, acupuncture and osteopathy.

SELECT FROM OVER 30 COLOURS AND FABRIC CHOICES INCLUDING POLYURETHANE (PU), VINYL (PVC) AND GENUINE ITALIAN LEATHER:

## PRODUCT INFORMATION

### ADJUSTABLE HEAD SECTION

The standard configuration includes a face hole in the head section for more comfortable prone treatments. The head section can be finely adjusted to enable the prone patient to relax the neck muscles fully during treatments such as massage.

### FAST HEIGHT ADJUSTMENT

Save time with quick height adjustments from our extra powerful 10,000N German actuator - with smooth and quiet operation, our actuator is three times faster than most competing products.

### FACE HOLE OPTIONS

Order with or without a face hole. Order a face hole plug to help move patients quickly between prone and supine positions - no need to rotate the patient to the other end of the table to avoid the face hole.

### FOAM OPTIONS

Choose between five Dunlop® cushioning systems ranging from Ultra Firm to luxurious Viscoflex® slow release memory foam. We have the right foam system to suit your modality.

### TABLE WIDTH

Select from three table widths to suit your modality. Custom width tabletops are also available at an additional cost.

### BASE STYLE

Choose between our Standard base with concealed in-line wheels and floor-levelling feet or our lockable Castor base for easy manoeuvrability. All wheels feature TPE rubber compound tread to protect your floors.
