PRODUCT INFORMATION

FACE HOLE & INCLUDED FACE HOLE PLUG

The face hole and face hole plug allow you to move patients quickly between prone and supine positions - no need to rotate the patient to the other end of the table to avoid the face hole.

MADE FROM EUROPEAN BEECH TIMBER

The table legs and frame are constructed from solid European beech timber which has been precision machined to create an exceptionally robust and beautiful table. Load rated to 300kg.

HEIGHT ADJUSTMENT

The legs feature a dual locking system which allows you to adjust the height from 640mm to a maximum of 900mm with 9 incremental height settings. The knobs offer extra safety and are easy and fast to adjust.

OPTIONAL HEAD CRADLE, FACE PAD & ARMREST

An alternative to the face hole, the head cradle's height and angle can be adjusted to suit each patient. Extends the table length by 300mm, which is handy for treating taller patients.

TIMBER STORAGE SHELF

The timber storage shelf is 1760 x 540mm in size and provides perfect storage for massage oils, towels, linen and any other treatment accessories. The storage shelf is load rated to 25kg.

TABLETOP WITH ROUNDED CORNERS

60mm of plush cushioning with elegant double-stitched rounded corners.
