

Kebu

Volta

Available in over 30 different colours and a range of materials to match your office or practice:

The Athlegen Australian Made Kebu and Volta stools are a combination of strategic design and comfort. With a firm cushioning system and double-stitched upholstery, these stools are the perfect addition to any office, clinic or treatment room.

For more information, visit athlegen.com.au or call 1800 813 000.

Key Features

Friction Lock Castors

The large swivel castors automatically lock when the stool is not in use. As you sit, the stool's restricted movement helps prevent injury. Once your weight is on the stool the brakes unlock to allow easy free movement.

Two Backrest Positions

Adjustable steel backrest can be set in one of two predetermined positions for your individual comfort. The backrest is designed to provide arch support while also encouraging a proper upright seated position.

Planetary Height Adjustment

Situated just beneath the seat top, the planetary mechanism is always quickly within reach, allowing you to adjust the stool height from any seated position.

Compact Base

The compact 540mm diameter cast aluminium base is ideal for getting close to your patients and manoeuvrability in tight spaces.

Specifications

Seat diameter: 60mm

Soft safety (auto-locking) swivel castors: 60mm

Polished chrome cast aluminium star base: 540mm
