

"I have purchased four tables from Athlegen. All are of excellent quality and very light. The sales staff have been very helpful with the purchasing process and overall their customer service has been excellent."

BEN GOLD

## Centurion Elite ABR

A versatile table suitable for a wide range of modalities, including physiotherapy, massage, acupuncture, beauty treatments and examinations. The 620mm backrest is easy to operate and ideal for treatments that require patients to be seated.

- BLUE GREY GALAXY PLUS PU FABRIC
- ✓ Restriction of Hazardous Substances (RoHS CERTIFIED)

205kg

16.5kg

## PRODUCT INFORMATION

### FACE HOLE OPTIONS

The face hole and face hole plug allow you to move patients quickly between prone and supine positions – no need to rotate the patient to the other end of the table to avoid the face hole.

### OPTIONAL HEAD CRADLE, FACE PAD & ARMREST

An alternative to the face hole, the head cradle's height and angle can be adjusted to suit each patient. Extends the table length by 300mm, which is handy for treating taller patients.

### LIFT-UP BACK

The Elite ABR features a lift-up back with a silent and reliable slider mechanism. The mechanism features ten locking positions, allowing you to move the table from a flat to seated platform in seconds.

### FOLDING DESIGN

Weighing only 16.5kg, the Elite ABR is extremely lightweight and the portable design makes it easy to transport.

### SUPERIOR DESIGN

With twin cables, parallel struts and a CNC precision crafted plywood base, the Elite ABR provides sturdy support.

### OPTIONAL TRANSIT BAG

Made from a heavy-duty fabric, transit bags offer excellent table protection. The side pocket is handy for storing accessories, while the padded adjustable shoulder strap and side strap help share the weight of the table across your body for easy transportation.
