

"Love Centurion tables. Nice, thick and comfortable support. Great quality coverings. Table is light and sturdy."

GAIL LAUX

Centurion CXL

A premium portable table designed in Australia by Athlegen, the CXL is durable and lightweight – an excellent choice for any professional mobile practice. Specially engineered to be quiet during treatments, this superior design features triangulation power struts for minimum table flex and unparalleled support.

● BLUE GREY GALAXY PLUS PU FABRIC

✓ Restriction of Hazardous Substances (RoHS CERTIFIED)

PRODUCT INFORMATION

FACE HOLE OPTIONS

The face hole and face hole plug allow you to move patients quickly between prone and supine positions - no need to rotate the patient to the other end of the table to avoid the face hole.

OPTIONAL HEAD CRADLE, FACE PAD & ARMREST

An alternative to the face hole, the head cradle's height and angle can be adjusted to suit each patient. Extends the table length by 300mm, which is handy for treating taller patients.

SUPERIOR DESIGN

With twin cables, a patented triangulation power strut design and a CNC precision crafted plywood base, the CXL provides unparalleled support.

FOLDING DESIGN

Weighing only 13.7kg, the CXL is extremely lightweight and the portable design makes it easy to transport.

HEIGHT ADJUSTMENT

The D-shape aluminium legs make it fast and easy to adjust the height of the table. The table features small increment adjustments to ensure you can find a table height that is perfect for you.

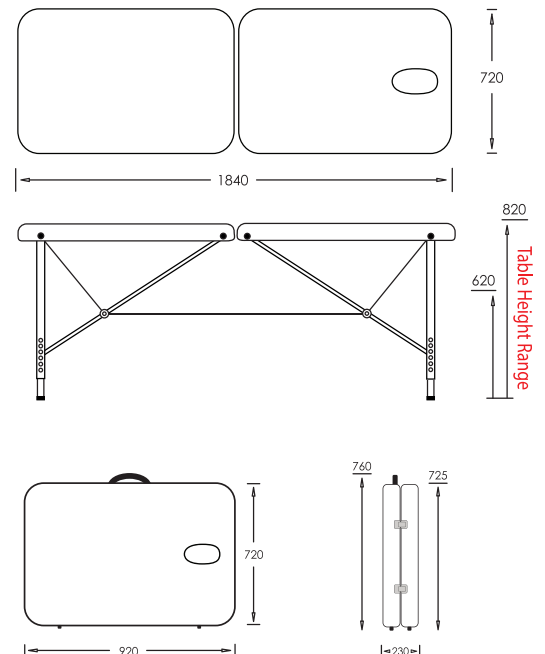

OPTIONAL TRANSIT BAG

Made from a heavy-duty fabric, transit bags offer excellent table protection. The side pocket is handy for storing accessories, while the padded adjustable shoulder strap and side strap help share the weight of the table across your body for easy transportation.

PRODUCT INFORMATION

FACE HOLE OPTIONS

The face hole and face hole plug allow you to move patients quickly between prone and supine positions – no need to rotate the patient to the other end of the table to avoid the face hole.

LIFT-UP BACK

The Elite ABR features a lift-up back with a silent and reliable slider mechanism. The mechanism features ten locking positions, allowing you to move the table from a flat to seated platform in seconds.

SUPERIOR DESIGN

With twin cables, parallel struts and a CNC precision crafted plywood base, the Elite ABR provides sturdy support.

OPTIONAL HEAD CRADLE, FACE PAD & ARMREST

An alternative to the face hole, the head cradle's height and angle can be adjusted to suit each patient. Extends the table length by 300mm, which is handy for treating taller patients.

FOLDING DESIGN

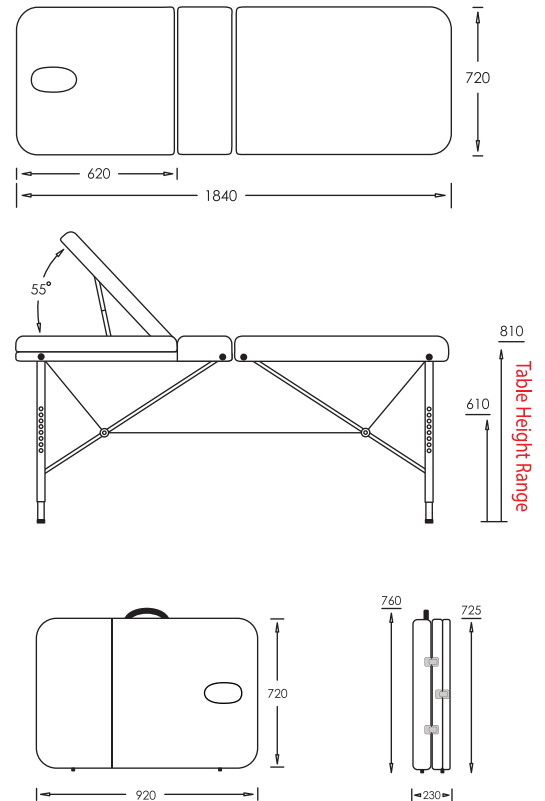

Weighing only 16.5kg, the Elite ABR is extremely lightweight and the portable design makes it easy to transport.

OPTIONAL TRANSIT BAG

Made from a heavy-duty fabric, transit bags offer excellent table protection. The side pocket is handy for storing accessories, while the padded adjustable shoulder strap and side strap help share the weight of the table across your body for easy transportation.

GAIL LAUX

Centurion Natura

One of the strongest and lightest tables available and an excellent choice for professionals or students just starting out. The Natura is a full-size portable with a high-quality plywood base, and still only weighs 12.5 kg.

● BLUE GREY GALAXY PLUS PU FABRIC

✓ Restriction of Hazardous Substances (RoHS CERTIFIED)

PRODUCT INFORMATION

FACE HOLE OPTIONS

The face hole and face hole plug allow you to move patients quickly between prone and supine positions - no need to rotate the patient to the other end of the table to avoid the face hole.

OPTIONAL HEAD CRADLE, FACE PAD & ARMREST

An alternative to the face hole, the head cradle's height and angle can be adjusted to suit each patient. Extends the table length by 300mm, which is handy for treating taller patients.

SUPERIOR DESIGN

The Natura has a high-quality plywood frame. Combined with dual cables, the German birch struts and legs are lightweight and provide strong and stable support.

FOLDING DESIGN

Weighing only 12.5kg, the Natura is extremely lightweight and the portable folding design makes it easy to transport.

HEIGHT ADJUSTMENT

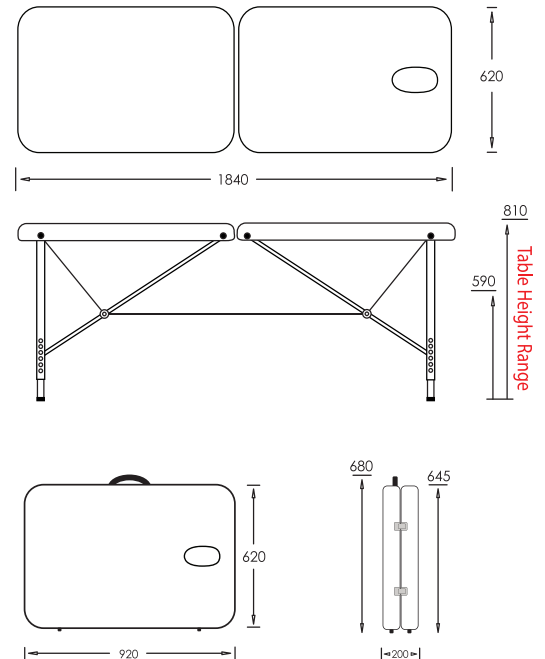

The height adjustable legs can be quickly and easily raised or lowered to position the table at the perfect height. The legs can be set to eight adjustment positions.

OPTIONAL TRANSIT BAG

Made from a heavy-duty fabric, transit bags offer excellent table protection. The side pocket is handy for storing accessories, while the padded adjustable shoulder strap and side strap help share the weight of the table across your body for easy transportation.

"Service was terrific. Great communication. Item was delivered promptly and on time in excellent condition."

TONYA BUCHANAN

Centurion Traveller Massage Chair

The Traveller is perfect for the ever-expanding seated massage market. A premium massage chair that is lightweight and adjustable - perfect for any practicing professional. Enter any location, quickly set up and provide a rejuvenating massage that will leave your client invigorated and happy.

● BLUE GREY GALAXY PLUS PU FABRIC

✓ Restriction of Hazardous Substances (RoHS CERTIFIED)

PRODUCT INFORMATION

STURDY DESIGN

The Traveller is made with soft and durable PU fabric with oil-resistant properties, as well as a strong, rust-free powder-coated aluminium frame.

ADJUSTABLE SECTIONS

Patient comfort is assured with an adjustable head cradle (height and angle), chest pad (height), prone armrest and seat (angle).

VERSATILE HEIGHT RANGE

With multiple height settings, the Traveller can comfortably accommodate a large range of different-sized patients from 1.2 to 2m.

CHEST BOLSTER

The chest bolster offers additional support and comfort for women during treatments.

COMPACT DESIGN

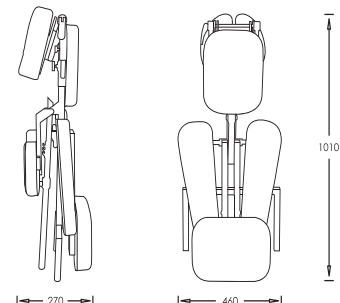

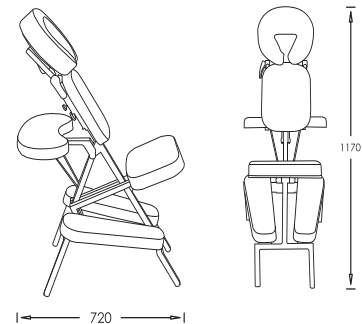

Weighing only 7.6kg, the Traveller is extremely lightweight and folds flat for easy transportation. Easy to set up and fold away without any of the noise or fuss of pressing locking buttons.

FREE INCLUDED TRANSIT BAG

Made from a heavy-duty fabric, transit bags offer excellent table protection. The side pocket is handy for storing accessories, while the padded adjustable shoulder strap and side strap help share the weight of the chair across your body for easy transportation.
