## PRODUCT INFORMATION

HEAD PAD, ARMREST, PAPER HOLDER & CUTTER

A sturdy, adjustable headrest and armrest can be set to the preferred angle for comfortable treatments. Includes a built-in paper roll holder and cutter.

FAST HEIGHT ADJUSTMENT

Save time with quick height adjustments from our extra powerful 10,000N German actuator – with smooth and quiet operation, our actuator is three times faster than most competing products.

OPTIONAL MAGNETIC THORACIC & LUMBAR DROPS

With fewer moving parts, magnetic drops last longer

Our **NEW** drops have improved strength with a lower

and provide a smooth, crisp and responsive action.

**TOP WIDTH & SHAPE** 

Our standard width is 610mm. We also offer the optional 550mm or Advantage shape tabletop – both ideal for practitioners who prefer a narrower tabletop to perform manipulations and adjustments.

**EXTENDABLE & HEIGHT ADJUSTABLE FOOTREST** 

The adjustable footrest provides ankle support for tall patients. The standard footrest can be extended to create a tabletop of over two meters and can include a height adjustment option of up to 200mm. Plastic bushes ensure easy, smooth and quiet operation.

#### BASE STYLE

Choose between our Standard base with concealed in-line wheels and floor-levelling feet or our lockable Castor base for easy manoeuvrability. All wheels feature TPE rubber compound tread to protect your floors.
