PRODUCT INFORMATION

LIFT-ASSIST KNEE & BACKREST

Lift-assist gas springs help support a patient's body weight for more comfortable and secure table adjustments. Patients can enjoy smoother table transitions with minimal disruption to treatment flow.

MANICURE ARMRESTS

Manicure armrests allow seated clients to relax completely. They can be entirely removed or flipped out of the way when clients need to get on and off the table or if increased practitioner access is necessary.

OPTIONAL REMOVABLE HEAD CRADLE

Adjustable in both height and angle, the head cradle locks with a maintenance-free single lever system (no need for routine tightening). Perfect for massage treatments.

REMOVABLE BACKREST EXTENSION

The backrest extension provides additional support and comfort for taller clients. It is removable and interchangeable with the head cradle accessory.

OPTIONAL COMFORT CUSHIONING

Choose from three optional Dunlop® cushioning systems. Luxura is our most luxurious option with premium Enduro® and Viscoflex® memory foam. Alternatively, choose Enduro® foam for support or Comfort foam for an extra thick upholstered look.

OPTIONAL FOLDAWAY ARMREST

Our superior sturdy armrest neatly stows away when not in use. This optional extra is perfect for massage treatments.
